4. **Legislation:** Jess B. gave the report on SB 125 (SCRA notice applicability to State Agencies) -- seems on track to pass with some accommodation to agencies to give them time.

SB 124: Jess shared concern about 124, military record and status, being used as an aggravating factor, rather its intended mitigation. Discussion and action after: Sue Grabe later reported after the meeting that the Bar had asked for insertion of limiting words of "for mediation", but legislators not receptive and didn't think SB 124 could ever be used. So, SB 124 is headed for a floor vote as is.
