Beginning fund balance: \$7,583 Ending fund balance: \$8,447

Law School Reports:

Updates were presented by Chris Griffin and Andy Blevins.

New Business:

Opened with a presentation by Member Janet Graham, first year law student who had written a proposed piece of legislation

effecting military families.

Ms. Graham presented a written summary of the proposed legislation that was distributed to the Committee and previously made a part of this record. The Summary has five areas within the proposal; comments on each of the five provisions. A proposal will be submitted to the Legislation Committee for discussion and comment. The Legislation Committee will respond to the Committee at a future date. Generally, the legislation proposes no prejudice of a service member's potential deployment in determining custody or parenting time with the children in a dissolution proceeding. The effort would attempt to remove any

stigma of being a service member subject to deployment from judicial determinations on placement and visitation.

It was noted that 38 other states had similar laws and it was easier to effect this type of legislation or the section to show that it is more likely to be a national standard similar to a uniform act. The proposed legislation goes on to provide clarification, definitions of terms for the court such as "service member."

The Homeless Vets Act was scheduled for presentation by Jamie Fender, Chair Elect, was tabled until February or March 20, next meeting.

Next Meeting:
